## BESSIEKENT WEBSTER'S **FAMILY MAKE PROTEST**

AROUSED BY RUMOR THAT WEB-STED IS TO GET LIGHT SENTENCE.

PETITION BEING CIRCULATED

Wants to Show That Sentiment of Public Is for a Sentence For Life.

Aroused by the persistent rumors that Dr. Harry E. Webster, confessed wife murderer, is not likely to receive the full term of imprisonment, as a result of his pleading guilty to the crime, members of Bessie kent Webster's family have started a movement which they hope will show the officials the great wave of public condemnation which exists against the prisoner.

Led by the pastors of the church of which the murdered girl was a member and seconded by the Sisters of Charity, who are in charge of the convent from which Bessie Ken Webster had left but four months before her meeting with Dr. Webster, a monster petition is being circulated asking that he be given life imprisonment, and it is said this pe tition will be presented to the court Monday, if an investigation now being carried on in Oregon by representatives of the Kent family convinces have been completed, and it is very them that there is any possibility of likely that one of the family will be the sentence being nominal.

### Wrought Up Over Case.

In Chicago, in the vicinity of th murdered girl's home, it is reported that public sentiment is very strong against him, and there is general con demnation of any course that will al low him to again have his freedom, after having served a few years in the penitentiary.

The members of the Kent family have an authorized letter from those in charge of the convent where Bessie attended, showing that at the time of her leaving the institution she was a good girl, and her only sin

Investigation Will Depend on Opinion of Attorney General Wickersham -Roosevelt's Name Mentioned In Hearing of Committee.

Washington, Jan. 18 .- The resolution of Representative Foster of Illinois for an investigation of the Intersubject of a hearing here before the rules committee.

Two witnesses submitted testimony to the effect that the company is an illegal trust which has been guilty of many schemes to extort undue prices from the farmers for agricultural machinery, to kill off competitors, and to corrupt the officers of several state governments to favor the operations

Want an Opinion First, Before considering the advisability of an investigation the committee will hear from Attorney General Wickersham concerning the prospect of a dissolution of the company in accordance with the Supreme court's interpretation of the Sherman law. Some members of the committee believe an investigation would be an unwarranted expense if the attorney general demonstrates that a reorganization of the concern is to take place.

The committee also will hear the company's protest against an investigation which will be presented by its general counsel, Edgar A. Bancroft. Says Government Favored It.

F. J. Lowe, representing independent manufacturers, told the committee that the department of justice had chloroformed every move made to prosecute the International Harvester company for violation of the anti-trust law. Mr. Lowe testified that "51 per cent, of the stockholders in the steel, control the International Harvester

Mr. Lowe said that last autumn he asked Theodore Roosevelt's advice as to what he should do to urge prosecution of the harvester company and Mr. Roosevelt had said: "You'd better come to see me later about that."

"Later," said Mr. Lowe, "I was astounded to learn that Mr. Roosevelt had placed a clean bill of health on the United States Steel corporation. I also received a letter from Mr. Roose- writing.

Every Walk of Life Should Be Interested in Development of the Progressive Farmer.

\$8 85

Many people think, perhaps, that the Telegraph and other live papers of the country who are boosting the soil fertility plans, are making a lot of fuss over a matter that is not of paramount importance. This is not true. Although the country has been throbbing for several years with the problem of the conservation of our latent resources in forests and mineral stores, there is a conservation of far greater importance to the people of the middle west and the whole country, a conservation that effects them directly and can be accomplished in a manner which will give results, now and here, where they can

# RECEPTION TO BUSINESS MEN

The Business Men of Dixon and their friends are cordially invited to attend a Reception to the Dixon Policy holders of the Northwestern Mutual Life Insurance Co., given by Mr. H. A. Clark, of Princeton, III., at the Dixon Inn rom f3 to 4 o'lock tomorrow, Friday, afternoon, Jan. 19th, 1912, to meet some of the Home Office officals, Senator H. S. Magill, of Princeton, Ill., and others.

The agents representing the NORTHWESTERN MUTUAL LIFE in Northwestern Illinois will be in convention at The Inn all day Friday. The reception in the afternoon will afford the Business Men of Dixon an opportunity to meet not only "the men higher up" from Milwaukee, the home of this magnificent company, but these visiting agents.

You will find the visitors entertrining gentlemen to meet. Call at the Inn during the reception hour, give them the glad hand and ask them back to Dixon again.

### SETTLERS FLEE AMERICA

Borah Attacks United States Home stead Laws as Defective.

Washington, Jan. 18. - Senator Borah of Idaho in the senate said the harsh provisions of the laws were annually driving from 125,000 to 140,-000 American citizens into Canada. He compared the laws of the United States governing homestead entries on public land with those of Canada, and asserted that hardships, delays and disappointments were encountered in the American northwest by settlers, whereas Canada was offering them every inducement.

### BIG FIRE COSTS \$1.250,000

Goods Belonging to Wanamaker and to Gimbel Brothers Are Damaged.

New York, Jan. 18.-The seven-story warehouse of the Terminal Storage company, occupying a full city block near the North river water front between Twenty-seventh and Twentyeighth streets, and containing merchandise valued at more than \$10,000,-000, was partly swept by fire. The loss is estimated at \$1,250,000.

One of the sections of the building was controlled by John Wanamaker and contained merchandise consigned to him. Another section was rented by Gimbel Brothers.

tion to Uphold Existing Government on Island-Army and Navy Ready to Act.

Havana, Jan. 18.-At a meeting held at the palace between President Gomez and representatives of the various factions which ended early this morning, all the warring elements reached an agreement to put aside their several interests and ambitions and unite for the welfare of Cuba and to give no cause whatsoever for the intervention of the United States. The general sentiment at the conference was one of the deepest gratitude to the United States, which was recognized as never before as being Cuba's best and most sincere friend. It was agreed that the kindly admonition of the United States had come at a most opportune time and had averted the ruin of Cuba, which was imminent. Will End Objectionable Conditions.

Washington, Jan. 18.-High officials of the government here expressed the hope that the determined stand taken by the government in notifying Cuba through Arthur M. Beaupre, the American minister, that the United States would intervene to prevent a con travention of the constitution, if the demands of the military party that veterans of the war of Cuban independence be permitted to hold public office are granted, will end the objectionable conditions there.

The impression seemingly sought to be conveyed by such officials as would discuss the subject was that the United States is prepared to uphold the Gomez government in Cuba, not because it is entirely pleasing to this Sovernment, but because it is the existing government and must be recognized as the medium through which to counteract the most pressing objec-

HOW TO PRESERVE YOUTH AND BEAUTY. One great secret of youth and beauty for the young woman or the mother is the proper understanding of her womanly system and well-being. Every woman, young or old, should know herself and her physical make up. A good way to arrive at this knowledge is to get a good doctor book, such for instance, as "The People's Common Sense Medical Adviser," by R. V. Pierce, M. D., which can readily be procured by sending thirty-one cents for cloth-bound copy, addressing Dr. Pierce, at Buffalo, N. Y.

The womanly system is a delicate machine which can only be compared to the intricate mechanism of a beautiful watch which will keep in good running order only with good care and the proper oiling at the right time, so that the delicate mech-

anism may not be worn out. Very many times young women get old or run down before their time through ignorance and the improper handling of this human mechanism. Mental depression, a confused head, backache, headache, or hot flashes and many symptoms of derangement of the womanly system can be avoided by a proper understanding of what to do, in those trying times that come to all women.

MRS. G. H. WILLIAMS, of Lynnhaven, Va., wrote: "It is six years since my health gave way. I had female trouble and all the doctors (I employed three) said I would die. I was not able to do my work, had to hire someone all the time. Finally, I read in the papers about Dr. Pierce's Favorite Prescription, and decided to try it. I had not taken but one bottle until I found it had done me good. I took, in all, five bottles of 'Favorite Prescription' and two of 'Golden Medical Discovery,' and now I am able to do all my housework, and have gained fourteen pounds. I advise all women who suffer from female trouble to try your 'Favorite Prescription,' It's the only medicine on earth."

# 47718-Find the Man

Every man and woman is anxion to buy some article-necessity or luxury—every day of his or her life. Single handed it would take you months to seek out those interested

in your line of business. An advertisement in this paper does the work instantaneously. It corrais the purchaser-brings him to your store-makes him buy Jings you advertised.

# Speaking of the Divorce Evil

Trying to succeed in business without advertising is like the case of the man who, trying to out expenses, divorced his wife and alone attempted to keep house and raise his children. It cost him more money for doctor bills and funeral expenses in a year than he gave hie wife in a lifetime.

When advertising to divorced, business success becomes failure.

This paper is building your neighbor's business. He has reasons. He tried advertising and it helped him. It is not an experiment - this paper brings results. Good, hard, convincing results - dollare.
